Avision's

Button Manager scans directly to Adobe® certified searchable PDF!

The FB5000 is Avison's next generation of A3 flatbed scanner. Based on CIS (Contact Image Sensor) technology the scanner is much more slimmer compared to A3 size scanner CCD design.

The Avison FB5000 comes with the exclusive software application, the Avison Button Manager. As a custom feature, Avison Button Manager allows you to scan, print, or e-mail at the press of a button. There are also a total of 9 sets of button numbers allowing you to set your preferable scan settings or destination applications to make scan as easy as 1-2-3!

What we have bundled

The Avison FB5000 scanner comes with TWAIN and ISIS drivers and are also bundled with full version of exclusive Avison Button Manager, Avison AVScan 2, ScanSoft PaperPort software application.

Avison's Button Manager

Complete your scan in a single step

Avison's state-of-the-art software application, the Button Manager, enables you to complete complex scanning task in just a single step. When the button is pressed, the scanner automatically scan your documents and convert them to a highly compressed file format, Adobe searchable PDF, or other image format and then send the file to a designated folder, or other destination applications such as e-mail, printer, or your favorable software application. The original step-by-step procedure is replaced with only a single touch of the button.

Avision FB5000 A3 Slim Flatbed Scanner

Button Manager

Deliver and Manage Your Document Better on the Internet

Fit for both first-time and experienced users alike

For first-time users, Avision's Button Manager provides a true ease-of-use with the 9 pre-configured file formats and destinations. For advanced users, Avision's Button Manager makes full customization possible. For example, you can change scan settings, file formats, or even add new destination software application to fit your own scanning needs.

Automatically converts to Adobe certified searchable PDF

Incorporated with Adobe's PDF scan library, Avision's Button Manager allows users to scan and convert document to a increasingly popular and effective compression file format, Adobe searchable PDF, to share and manage high volume or high-resolution color documents on the internet in an unprecedented high quality and speed.

The Intelligent Document Management Tool-AVScan 2

The AVScan 2 main screen

Document Imaging is the very first step of Document Management. However, poor quality images can cause serious problems to later indexing or storing processes. It may increase scanning labour costs and lowers the OCR accuracy. AVScan 2 ensures all documents are checked and polished at the time they are scanned such that the image quality is guaranteed before they are ready to use for other purposes.

AVScan 2 is an intelligent scanning and electronic filing solution. AVScan 2 possesses distinct features that convert and index scanned information into electronic documents for easy storage and fast retrieval.

ScanSoft Paperport

- The Professional Choice to Organize and Share Your Documents

PaperPort is the easiest way to turn piles of paper and photos into organized files that you can quickly find, use and share. Stop wasting time searching for paper documents. End the frustration of organizing, editing and sharing your digital photographs. PaperPort makes it simple to connect your scanner and computer together to work with PDF and JPEG images just like working It is the perfect solution for your home or small office. Save time and money with the security of knowing that important documents and photos will never be lost.

*DjVu: Button Manager is able to convert your image file to a DjVu format, yet this is an optional and special edition.
